Gen. Dwight D. Eisenhower to George S. Patton: "You are to bypass the city of Trier, as it will take four divisions to capture it."

Gen. Patton's reply: "Have taken Trier with two divisions. *What do you want me to do? Give it back?*"

MEMES

I have received a direct warning that the deep state is planning a massive false flag event that will produce many casualties and be blamed on "anti-vaxxers" and gun owners. The event will be used to confiscate firearms nationwide and criminalize all anti-vax speech online.

We need to get the word out about this nefarious plot in order to help stop it. The more people know this is being planned, the harder it is for the deep state to carry it out.
