Dear Globalists,
I unregretfully inform you that
your plans for the Great Reset
have been reviewed by the
public and subsequently have
not been approved.
We have decided to go with
the Great Awakening instead
so farewell.
Sincerely,
The World Population

Shi Jianqiao isn't famous for a high number of kills; rather, she's known for taking down one specific person who had wronged her family. In 1925, Sun Chuanfang, a warlord in China, beheaded Shi Jianqiao's father for leading an opposition force against him and paraded the remains in public. **Shi Jianqiao tracked Sun Chuanfang for 10 years** before shooting him three times.
