TREASON N

Any person who levies war against the United States or adheres to its enemies by giving them Aid and Comfort has committed treason within the meaning of the Constitution. The term aid and comfort refers to any act that manifests a betrayal of allegiance to the United States, such as furnishing enemies with arms, troops, transportation, shelter, or classified information. If a subversive act has any tendency to weaken the power of the United States to attack or resist its enemies, aid and comfort has been given.

- Article III, Section 3, of the Constitution

The *Virology Journal* – the official publication of Dr. Fauci's National Institutes of Health – published what is now a blockbuster article on August 22, 2005, under the heading – get ready for this – **"Chloroquine is a potent inhibitor of SARS coronavirus infection and spread."** (Emphasis mine throughout.) Write the researchers, "We report...that chloroquine has strong antiviral effects on SARS-CoV infection of primate cells. These inhibitory effects are observed when the cells are treated with the drug **either before or after exposure to the virus, suggesting both prophylactic and therapeutic advantage.**"

This means, of course, that Dr. Fauci has known for 15 years that chloroquine and its even milder derivative hydroxychloroquine (HCQ) will not only treat a current case of coronavirus ("therapeutic") but prevent future cases ("prophylactic"). **So HCQ functions as both a cure and a vaccine.** In other words, it's a wonder drug for coronavirus. Said Dr. Fauci's NIH in 2005, "concentrations of 10 μM **completely abolished SARS-CoV infection.**" Fauci's researchers add, "chloroquine can effectively **reduce the establishment of infection and spread of SARS-CoV.**"

10 Stages of Genocide

1. **Classification:** People are divided into "us and them".
2. **Symbolization:** People are forced to identify themselves.
3. **Discrimination:** People begin to face systematic discrimination.
4. **Dehumanization:** People equated with animals, vermin, or diseases.
5. **Organization:** The government creates special groups (police/military) to enforce the policies.
6. **Polarization:** The government broadcasts propaganda to turn the populace against the group.
7. **Preparation:** Official action to remove/relocate people begins.
8. **Persecution:** Beginning of murders, theft of property, trial massacres.
9. **Extermination:** Wholesale elimination of the group. It is "extermination" and not murder because the people are not considered human.
10. **Denial:** The government denies that it has committed any crime.
