**YOU. CAN'T. SPREAD. DISEASES.
YOU. DONT. HAVE.**

The power of water. The most beautiful photo you'll see today. ❤️

The Quietest Room on Earth

The world's quietest room is at Orfield Labs in Minneapolis. The room is so quiet that the background noise measures negative decibels, -9.4 dBA. A typical quiet bedroom measures at 30 dBA. Once inside the room, you can hear the sounds of your organs and after 30 minutes, you'll begin to hallucinate. The longest anyone has lasted inside this room is 45 minutes.

**You can't change the
people around you, but you
can change the people
around you.**
